

MOBILE CHIROPRACTIC CARE OF NJ, LLC.

TERMS OF ACCEPTANCE

When a patient seeks chiropractic health care and I accept a patient for such care, it is essential for both to be working for the same objective. Chiropractic has only one goal. It is important that each patient understands both the objective and the method that will be used to attain it. This will prevent any confusion or disappointment.

Adjustment: The adjustment is the specific application of forces to facilitate the body's correction of vertebral subluxation. My chiropractic method of correction is by specific adjustments of the spine.

Health: The state of optimal physical, mental and social well being, not merely the absence of disease or infirmity.

Vertebral Subluxation: A misalignment of one or more of the 24 vertebrae in the spinal column which causes alteration of nerve function and interference to the transmission of mental impulses, resulting in a lessening of the body's innate ability to express its maximum health potential.

I do not offer to diagnose or treat any disease. I only offer to diagnose either vertebral subluxations or neuro-musculoskeletal conditions. However, if during the course of a chiropractic spinal examination I encounter non-chiropractic or unusual feelings, I will advise you. If you desire advice, diagnosis or treatment for those findings, I will recommend that you seek the services of another health care provider.

Regardless of what the disease is called, I do not offer to treat it. Nor do I offer advice regarding treatment prescribed by others. My only practice objective is to eliminate major interference to the expression of the body's innate wisdom. My method is specific adjusting to correct vertebral subluxations. However, I may use other procedures to help your body hold the adjustments.

I, _____ have read and fully understand the above statements. (Print name)

All questions regarding the doctor's objective pertaining to my care have been answered to my complete satisfaction.

Therefore, I accept chiropractic care on this basis.
